

NATURE PLAYGROUNDS PRODUCT AND INSTALLATION WARRANTY INFORMATION

WORKMANSHIP

Workmanship completed by Nature Playgrounds is covered under a standard one-year warranty from date of installation.

MATERIALS

All materials supplied by Nature Playgrounds are warranted to be free from defects for a period of one year when installed by Nature Playgrounds or suitably qualified contractors, and only in the event that a detailed maintenance program for the playground has been undertaken. Materials supplied by external suppliers are covered by that specific manufacturer warranty.

As the vast majority of materials used in construction of products by Nature Playgrounds are naturally produced, changes in appearance and condition will naturally occur as time and seasons pass by. These changes may appear in the form of shrinkage, expansion, cracking, moisture absorption, bows, twists or general wear and tear. Under normal circumstances there should be minimal change in a products appearance within the first 12 months. Any substantial change in the first 12 months may be covered under this warranty.

CONDITIONS IN WHICH YOUR WARRANTY MAY BECOME VOID
